2022 Town Report dedicated to John Burnett, Jr.

John lived in Danville for 80 years. He worked on the family dairy farm in Danville and served in the US Navy Hospital Corps from 1955-1961. He studied and trained to become a lab technician and worked in that capacity at the Hale Hospital in Haverhill Massachusetts for 37 years, and at the Boston and West Roxbury VA Hospital for 13 years and for 7 years at Wentworth Douglas Hospital in Dover, NH. John and his wife, Marjorie generously donated money to the Town Holiday Giving Program.

John and his wife Marjorie raised two children in Danville, Mary, and John.

John was a 72-year member of the NH State Grange, a 54-year member of Gideon Lodge #84 where he served as Worshipful Master and as secretary. He was a 32nd Degree Scottish Rite Mason and a member of the Order of the Eastern Star.

John genuinely cared about the town and like others before him left a parcel of land to the town for open spaces in his will.

SELECTMEN'S MESSAGE

This year we lost two residents who had served the town. Elizabeth Cameron served as Library Trustee from 2003-2012. She served during the library building project. Edward (Eddie) Battis who was born in Danville had served as Tax Collector from 1961-1967. We thank Elizabeth and Eddie for their service!

In April we accepted a 42.5-acre gift of land from the estate of John Burnett, Jr who had left it to the town in his will. The conditions of the gift include "keeping the area wild and as a habitat for animals." There are also trails in it and a small area for parking.

The property at 599 Main Street was sold and the town received \$420,350.00 after expenses from the sale. The town also received 75 acres of land which abut the town forest.

We began the process of getting bids for projects to be completed using the \$476,966.00 received from the American Rescue Plan Act (ARPA) Grant. Some of the items are radios for police, highway, and fire departments, increased security measures for town buildings, digitization of town documents, and better air quality for town buildings.

We wish you a safe and happy year!

To the Members of the Board of Selectmen
Town of Danville
210 Main Street
Danville, NH 03819

Dear Members of the Board:

We have audited the financial statements of the governmental activities, the major fund, and aggregate remaining fund information of the Town of Danville for the year ended December 31, 2021 and have issued our report thereon dated October 6, 2022. Professional standards require that we communicate to you the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated March 1, 2021, our responsibility, as described by professional standards, is to form and express opinions about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Town of Danville solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you in our engagement letter dated March 1, 2021.

Compliance With All Ethics Requirements Regarding Independence

The engagement team, others in our Firm, as appropriate and our Firm, have complied with all relevant ethical requirements regarding independence.

We follow the AICPA Ethics Standard Rule 201 and in conjunction with the Firm's Quality Control Document, we annually review with all engagement staff potential conflicts and obtain an independence certification. In addition, we inquire on each engagement about potential conflicts with staff. We have not identified any relationships or other matters that in the auditor's judgment may be reasonably thought to bear on independence.

Significant Risks Identified

We have identified the following significant risks:

- Management override of controls;
- Improper revenue recognition; and
- Impact of the COVID-19 pandemic.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Town of Danville is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2021. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are:

Management's estimate of the capital asset useful lives is based on historical information and industry guidance. We evaluated the key factors and assumptions used to develop the capital asset useful lives in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the allowance for uncollectible property taxes are based on historical data and information known concerning the assessment appeals. We evaluated the key factors and assumptions used to develop the uncollectible property taxes in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the net pension liability, deferred outflows and inflows of resources related to pensions are based on assumptions of future events, such as employment, mortality and estimates of value of reported amounts. We evaluated the key factors and assumptions used to develop the net pension liability, deferred outflows and inflows of resources related to pensions in determining that they are reasonable in relation to the financial statements taken as a whole.

Management's estimate of the other postemployment benefit liability, deferred outflows and inflows of resources are based on the assumption of future events, such as employment, mortality, and healthcare cost trend, as well as estimates of the value of reported amounts. We evaluated key factors and assumptions used to develop the other postemployment benefits liability, deferred outflows and inflows of resources related to the other postemployment benefits in determining that they are reasonable in relation to the financial statements taken as a whole.

Financial Statement Disclosures

The financial statement disclosures are neutral, consistent, and clear.

Significant Unusual Transactions

There are no significant or unusual transactions identified during our audit.

Significant Difficulties Encountered During the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit.

Adjustments proposed and approved were primarily of a routine nature which management expects the independent auditors to record as part of their year-end procedures. A list of these adjustments is attached to this letter.

Disagreements With Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 6, 2022.

Management Consultations With Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Town of Danville's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Key Audit Matters

We have determined that there are no key audit matters to communicate.

Modification of the Auditor's Report

We have made the following modification to our auditor's report. An adverse opinion will be issued on the governmental activities. The circumstances that have led to this modification is as follows:

The Town has not recorded the long-term costs of retirement health care costs and obligations for other postemployment benefits for the single employer plan in the governmental activities. Accounting principles generally accepted in the United States of America require that those costs be recorded, which would increase the liabilities, decrease the net position, and increase the expenses of the governmental activities. The amount by which this departure would affect the liabilities, net position, and expenses on the governmental activities is not readily determinable.

Other Audit Matters, Findings, or Issues

In the normal course of our professional association with the Town of Danville, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating and regulatory conditions affecting the Town, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Town of Danville's auditors.

Record Other Funds in General Ledger (repeat comment)

During the audit, we noted that the Town maintains 12 special revenue and/or revolving funds. However, these funds are not included in the Town's accounting software (i.e., general ledger). As a result, these funds are not subject to the Town's normal internal controls. The financial transactions of these funds were compiled by analyzing bank statements and other reports. We recommend the Town's general ledger be expanded to include these twelve funds. This will result in a more complete general ledger and will improve oversight and control over these activities.

Peer Review Engineering Account (repeat comment)

During our review of the Town's peer review engineering account, we noted that the activity is manually tracked in excel. While utilizing Excel is an appropriate method, it was noted that the spreadsheet did not agree with the general ledger account. We also noted that monthly reconciliations are not performed on this account. This resulted in inaccurate balances being reflected. We recommend that the Town update and review the manual peer review engineering account spreadsheet at least monthly to ensure balances are accurate and it agrees with the general ledger.

Budget (repeat comment)

During our review of the Town's budget input into the Town's general ledger system, it was identified that the estimated revenues and budgeted expenditures did not agree with the final estimated revenues and appropriations per the State of New Hampshire MS-434R and MS-232R forms. It was noted that warrant articles voted to fund various trust funds were not included in the Town's general ledger system. For accurate and appropriate monitoring of Town revenues and expenditures, it is recommended that once the tax rate is finalized, the revenue and expenditure budget per the general ledger system be updated to reflect the finalized estimated revenues and appropriations per the State of New Hampshire MS-434R and MS-232R forms.

Town Policies (repeat comment)

The Town has recently undergone a change of governance, staff turnover and is in the process of an accounting software conversion. These changes disrupt many of the standard policies and procedures followed by employees in performing day-to-day operations. As a result, certain procedures can be accidentally overlooked or purposely not done because of time constraints. During our review of adopted Town policies, it was noted that several policies have not been reviewed or updated in over three years. Performing a regular review of current policies and procedures can greatly assist the Board and any new staff in fully understanding day-to-day activities as well as disclosing any potential current procedures that are inefficient, redundant, or unnecessary.

Fund Balance Policy (repeat comment)

In June 1999, the Governmental Accounting Standards Board issued Statement No. 34, *Basic Financial Statements - And Management's Discussion and Analysis - For State and local Governments* which required that all governmental entities develop and adopt a fund balance policy. In March 2009, Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, was issued and required the amendment of existing fund balance policies to incorporate the language of this new statement. As of December 31, 2021, the Town has not yet established a fund balance policy. We recommend that the Board of Selectmen develop and formally approve such a policy that includes the necessary language from Statement No. 54.

Investment Policies (repeat comment)

RSA 31:25 *Custody; Investment* and RSA 41:9 - VII *Financial Duties*, states that the Trustees of Trust Funds and Board of Selectmen shall annually review and adopt an investment policy for the investment of public funds in conformance with applicable statutes and shall advise the attorney general and treasurer, respectively, of such policies. The Trustees of Trust Funds and the Town's investment policies have not been reaffirmed since 2017 and 2018, respectively. We recommend that the Trustees of Trust Funds and Board of Selectmen annually review and approve the policy as required by State Statute.

Adjusting Journal Entries (repeat comment)

During our review of internal controls over adjusting journal entries, we noted that the journal entries were not being approved by someone other than the individual initiating the entry. This is an important step since unapproved journal entries can be used to circumvent existing accounting controls. We recommend that each adjusting journal entry be approved by a knowledgeable individual and who is independent from the proposed entry prior to posting to the general ledger. This will improve oversight and a clear trail over all adjusting journal entries.

Stale Dated Checks (repeat comment)

During our review of monthly bank reconciliations, we noted that there were old, stale dated checks dating back more than one year. While reconciliations are being performed, any reconciling items over six months should be reviewed and acted upon. Including them in each month's bank reconciliation increases the time required to perform the reconciliation. In addition, maintaining these outstanding items reduces the available cash balance. If a check should need to be re-issued, the old check should be voided in the system and removed from the reconciliation. We recommend that any reconciling item greater than six months be investigated and resolved in a timely manner.

Reconcile Payroll Withholding Accounts (repeat comment)

The Town's general ledger contains certain payroll withholding accounts with inaccurate credit balances. These balances appear to be the result of current year mis postings as well as erroneous balances carried forward because the payroll withholding accounts have not been regularly reconciled. We recommend that the Town reconcile the withholding accounts on at least a monthly basis to the applicable governmental regulations (FICA, Medicare, NHRS, etc.) to ensure that the proper Town/employee contributions are being made and relieved. This will also result in more accurate balances.

Gross Up Accounting Records (repeat comment)

During our review of expenditures, we noted instances where revenues were netted against the expenditure. As a result, this methodology makes it more difficult to monitor expenditures against their appropriation to determine if any over expenditures exist. In addition, generally accepted accounting principles do not permit the netting of revenues to expenditure accounts. We recommend that the Town avoid netting revenues against expenditure accounts. This will improve the monitoring and tracking of actual revenues against estimates, as well as actual expenditures against available appropriations.

Library Bank Reconciliations

During our review of library records, specifically, the library's operating bank account, it was noted that no formal reconciliation process is in place. A bank reconciliation is the process of matching the balances in the library's general ledger system for a cash account to the corresponding information on a bank statement. This process allows for the identification of differences between the two and have those discrepancies resolved in a timely manner. We recommend that the library implement a formal monthly bank reconciliation process over the operating bank account to ensure bank balances are accurate and can be properly supported.

Other Matters

Implementation of New GASB Pronouncements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements.

GASB Statement No. 87, *Leases*, issued in June 2017, will be effective for the Town with its fiscal year ending December 31, 2022. This Statement will improve accounting and financial reporting for leases by governments by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases.

GASB Statement No. 92, *Omnibus 2020*, issued in January 2020, will be effective for the Town with its fiscal year ended December 31, 2022. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, issued in March 2020, will be effective for the Town with its fiscal year ended December 31, 2023. The objectives of this Statement are to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, issued in May 2020, will be effective for the Town with its fiscal year ended December 31, 2023. The objectives of this Statement are to provide guidance on accounting and financial reporting for subscription-based information technology arrangements for government end users.

GASB Statement No. 97, *Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an Amendment of GASB Statements No. 14 and No. 84 and Supersession of GASB Statement No. 32*, issued in June 2020, will be effective for the Town with its fiscal year ended December 31, 2022. The objectives of this Statement are to increase consistency and comparability related to reporting of fiduciary component units, mitigate costs associated with the reporting of certain defined contribution pension plans, and enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code Section 457 deferred compensation plans.

We applied certain limited procedures to the following, which is/are required supplementary information (RSI) that supplements the basic financial statements:

- Schedule of the Town's Proportionate Share of Net Pension Liability,
- Schedule of Town Contributions – Pensions,
- Schedule of the Town's Proportionate Share of the Net Other Postemployment Benefits Liability,
- Schedule of Town Contributions – Other Postemployment Benefits, and
- Notes to the Required Supplementary Information

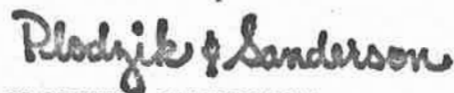

Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining and individual fund schedules which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the members of the Board of Selectmen and management of the Town of Danville and is not intended to be, and should not be, used by anyone other than these specified parties.

Respectfully,

PLODZIK & SANDERSON
Professional Association

Tax Commitment Verification

2022 Tax Commitment Verification - RSA 76:10 II

Description	Amount
Total Property Tax Commitment	\$11,219,296
1/2% Amount	\$56,096
Acceptable High	\$11,275,392
Acceptable Low	\$11,163,200

If the amount of your total warrant varies by more than 1/2%, the MS-1 form used to calculate the tax rate might not be correct. The tax rate will need to be recalculated. Contact your assessors immediately and call us at 603.230.5090 before you issue the bills. See RSA 76:10, II

Commitment Amount	11,239,748. ⁰⁰
Less amount for any applicable Tax Increment Financing Districts (TIF)	
Net amount after TIF adjustment	11,239,748. ⁰⁰

Under penalties of perjury, I verify the amount above was the 2022 commitment amount on the property tax warrant.

Tax Collector/Deputy Signature: 	Date: 11/2/2022
Submit this signed verification form with a copy of the completed and signed warrant total page and an actual tax bill to your DRA municipal auditor.	

Requirements for Semi-Annual Billing

Pursuant to RSA 76:15-a

76:15-a Semi-Annual Collection of Taxes in Certain Towns and Cities - I. Taxes shall be collected in the following manner in towns and cities which adopt the provisions of this section in the manner set out in RSA 76:15-b. A partial payment of the taxes assessed on April 1 in any tax year shall be computed by taking the prior year's assessed valuation times 1/2 of the previous year's tax rate; provided, however, that whenever it shall appear to the selectmen or assessors that certain individual properties have physically changed in valuation, they may use the current year's appraisal times 1/2 the previous year's tax rate to compute the partial payment.

Danville	Total Tax Rate	Semi-Annual Tax Rate

Fund Balance Retention

Enterprise Funds and Current Year Bonds

\$0

General Fund Operating Expenses

\$13,493,095

Final Overlay

\$16,549

DRA has provided a reference range of fund balance retention amounts below. Please utilize these ranges in the determination of the adequacy of your municipality's unrestricted fund balance, as currently defined in GASB Statement 54. Retention amounts, as part of the municipality's stabilization fund policy [1], should be assessed dependent upon your governments own long-term forecasts and special circumstances. Please note that current best practices published by GFOA recommend, at a minimum, that "...general purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures." [2],[3]

[1] The National Advisory Council on State and Local Budgeting (NACSLB), (1998), *Framework for Improved State and Local Government Budgeting: Recommended Budget Practices* (4.1), pg. 17.
 [2] Government Finance Officers Association (GFOA), (2009), *Best Practice: Determining the Appropriate Level of Unrestricted Fund Balance in the General Fund*.

2022 Town Clerk Annual Report

The Town Clerk's office would like to thank the residents of Danville for their continued support throughout this last year. With all the generous donations and participation with our annual holiday program we were able to help so many of our resident families. Thank you! A few pictures of the collected and sorted food items are at the end of this report.

In addition to our regular business hours, Monday – Wednesday 9am-4pm and Thursday 11am-6pm, we are now offering SATURDAY HOURS once a month from 9am-11am to better serve our community. The 2023 Saturday schedule:

January 28	July 29
February 25	August 26
March 25	September 30
April 29	October 28
May 20	November 18
June 24	December 16

We are closed on Fridays. For your convenience, we accept cash, checks, and credit/debit cards (a fee of 2.75% is applicable for credit/debit cards). Renewal registrations can be done in the office, by mail, or online at www.townofdanville.org.

Do you own a dog? Don't forget, state law requires all dogs must be registered at the Town Hall by April 30th to avoid fines. Cost to register: \$9.00 for an unaltered dog, \$6.50 for an altered dog. Owners who are 62 years or older can register one (only one!) dog for \$3.00.

New Hampshire fun facts:

- Population change for Danville totaled 3,194 over 41 years, from 1,318 in 1980 to 4,512 in 2021. The largest decennial period change was an 88 percent increase between 1980 and 1990. The 2021 census estimate for Danville was 4,512 residents, which ranked 86th among New Hampshire's incorporated cities and towns.
- New Hampshire's Mount Washington is one of the windiest places on earth. The highest wind speed recorded at ground level is at Mt. Washington, on April 12, 1934. The winds were three times as fast as those in most hurricanes.
- Live Free or Die is the state motto. This comes from a statement written by the Revolutionary War General John Stark, hero of the Battle of Bennington.
- Danville contains 11.7 square miles of land area and 0.2 square miles of inland water area.

Christine Tracy, Town Clerk
Susan Griffiths, Deputy Town Clerk
Michelle Healy, Assistant Town Clerk

2022 Trustees of the Trust Funds Annual Report

During the year 2022 the Trustees of the Trust Funds had the following key activities in the Town of Danville's capital reserve funds (CRF) and trust fund additions:

\$100,000 to the Fire Department CRF for Future Vehicle Purchases (WA 2022-08)

\$20,000 to the Highway Vehicle CRF (WA 2022-09)

\$15,000 to the Fire Department Personnel Protection Equipment CRF (WA 2022-10)

\$10,000 to the Danville Infrastructure & Facility Non-Capital Reserve Fund (WA 2022-11)

\$10,000 to the Milfoil Expendable Trust Fund (WA 2022-13)

\$5,000 to Colby Library Infrastructure Fund (WA 2022-15)

\$1,000 to the Municipal Mosquito Control Expendable Trust (WA 2022-20)

Danville's capital reserve funds and trusts are invested with TD Bank escrow district.

A complete list of all 2022 funds and fund activities, along with the year end balances, can be seen in the Report of the Trustees of the Trust Fund in the 2022 Danville Town Report.

Respectfully submitted,
Edward Lang, Chair/Trustee
Kelly Beattie-Hand, Trustee
Scott Barr, Trustee

Article 2023-01 *Choose all necessary Town Officers for the year ensuing.*

Article 2023-02 *Choose all School District Officers for the year ensuing.*

Article 2023-03 *Planning Board's Modification of Town of Danville Zoning Ordinance*

To see if the Town of Danville will vote to amend the Town of Danville Zoning Ordinance to clarify review requirements for Forestry activities in the Town Forest. Specifically, this will change Article XIII.B.9 subsections f, g, h, & i by replacing all four subsections with clarified exemption language contained in a new subsection f and renumbering existing subsections j & k accordingly. The new Article XIII.B.9.f will read as follows: All wood-cutting activities and Forest Management practices of the Danville Forestry Committee, or their agents, within the Danville Town Forest, subject to all easements, covenants, legal agreements, and bequest restrictions.

Recommended by the Planning Board (6-0)

Article 2023-04 *Citizen Petition – Petition for Amendment to Zoning Ordinance*

To see if the Town of Danville will vote to amend the Town of Danville Zoning Ordinance to clarify historic district review requirements for forestry activities in the town forest. Specifically, this will change Article XIII.B.9 subsections f, g, h, & i by replacing all four subsections with clarified exemption language contained in a new subsection f and renumbering existing subsections j & k accordingly. The new Article XIII.B.9.f will read as follows: All wood-cutting activities and Forest Management practices of the Danville Forestry Committee, or their agents, within the Danville Town Forest, subject to Article XIII.B.8 of this ordinance and all easements, covenants, legal agreements, and bequest restrictions.

Not recommended by the Planning Board (0-6)

Article 2023-05 *Operating Budget*

Shall the Town of Danville raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling Four Million, Five Hundred Seventy Thousand, Five Hundred Two Dollars (\$4,570,502.00). Should this article be defeated, the default budget shall be Four Million, Three Hundred Eighty-Eight Thousand, Seven Hundred Forty Dollars (\$4,388,740.00).

Recommended by the Board of Selectmen (5-0)

Not Recommended by the Budget Committee (2-4-0)

Estimated Tax Impact Operating Budget \$7.85 per thousand

Estimated Tax Impact Default Budget \$7.54 per thousand

Article 2023-06 *Fire Department Purchase of Pumper/Tanker*

To see if the Town of Danville will vote to raise and appropriate the sum of Five Hundred, Fifty Thousand Dollars (\$550,000.00) for the purpose of purchasing and equipping a new 3000-gallon Pumper/Tanker Truck to replace the existing 1992 Pumper/Tanker. This special article is a special warrant article per RSA 32:3 VI (d) and RSA 32:7 V.

\$300,000.00 to be paid from Fire Department Capital Reserve Fund

\$125,000.00 to be paid from Public Safety Impact Fees

\$125,000.00 to be paid from American Rescue Plan Act

Recommended by the Board of Selectmen (5-0)

Recommended by the Budget Committee (5-0)

No Tax Impact

Article 2023-07 Disposal of 1992 Fire Department Pumper/Tanker

If Article 2023-06 passes, to see if the Town will vote to allow the Selectmen/Fire Chief to sell, by competitive sealed bid, the existing 1992 Pumper/Tanker and to appropriate the sale monies to be placed in the Town's General Fund.

Recommended by the Board of Selectmen (5-0)

No Tax Impact

Article 2023-08 New Police Station Capital Reserve Fund

To see if the Town of Danville will vote to raise and appropriate the sum of Four Hundred Twenty Thousand, Three Hundred Fifty Dollars (\$420,350.00) to be deposited in the New Police Station Capital Reserve Fund (previously established WA 2000-18) under the provisions of RSA 35:1. Offsetting funds were acquired from tax acquisition, after expenses, sale of property of 599 Main Street, also known as the Elm Farm and are available from Unreserved Fund Balance. Further, to name the Board of Selectmen as agents to expend from said fund.

Recommended by the Board of Selectmen (3-2)

Not Recommended by the Budget Committee (2-4-0)

No Tax Impact

Article 2023-09 Highway Capital Reserve Fund

To see if the town will raise and appropriate the sum of Seventy-Five Thousand Dollars (\$75,000.00) to be added to the Highway Capital Reserve Fund for the purchase of future highway vehicles and equipment previously established.

Recommended by the Board of Selectmen (5-0)

Recommended by the Budget Committee (5-0)

Estimated Tax Impact \$0.13 per thousand

Article 2023-10 New Softball Field

To see if the town will vote to raise and appropriate the sum of Thirty-Seven Thousand, Five Hundred Dollars (\$37,500.00) to plan, design, and construct a softball field for youth athletics, with the Danville Youth League donating Twelve Thousand Five Hundred Dollars (\$12,500.00) and Twenty-Five Thousand Dollars (\$25,000.00) to be raised by taxation.

Recommended by the Board of Selectmen (5-0)

Recommended by the Budget Committee (4-1)

Estimated Tax Impact \$0.04 per thousand

Article 2023-11 Adoption of Retirement Plan for Employees and Elected Officials

To see if the Town will vote to adopt a 457-retirement plan for employees and elected officials.

Recommended by the Board of Selectmen (5-0)

Article 2023-12 Adoption of Retirement Plan for Employees and Elected Officials

If Article 2023-11 passes to see if the Town will establish a 3% matching program, part of the operating budget, to a maximum of One Thousand Five Hundred (\$1,500.00) per person per year, for the Employee Retirement Plan, this year up to Thirty-Eight Thousand, Eight Hundred Sixty-Three Dollars (\$38,863.00).

Recommended by the Board of Selectmen (5-0)

Not Recommended by the Budget Committee (2-4-0)

Estimated Tax Impact \$0.0668 per thousand

Article 2023-13 Colby Memorial Library Infrastructure and Facility Non-Capital Reserve Fund

To see if the Town of Danville will raise and appropriate Five Thousand Dollars (\$5,000.00) to go into this fund for the engineering, repair, and renovation of facilities and the upgrade of the Colby Memorial Library's infrastructure.

Recommended by the Board of Selectmen (5-0)

Recommended by the Budget Committee (5-0)

Estimated Tax Impact \$0.0086 per thousand

Article 2023-14 Establish Capital Reserve Fund for Future Expansion of the Highway Garage

To see if the Town of Danville will vote to establish a Highway Capital Reserve Fund for Future Expansion of the Highway Garage under the provisions of RSA 35:1 and to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) to be placed in this fund. Further, to name the Selectmen as agents to expend from said fund.

Recommended by the Board of Selectmen (5-0)

Recommended by the Budget Committee (5-0)

Estimated Tax Impact \$0.0086 per thousand

Article 2023-15 Animal Control Vehicle Replacement Non-Capital Reserve Fund

To see if the Town of Danville will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) to be added to the Animal Control Vehicle Replacement Non-Capital Reserve Fund previously established for future replacement of Animal Control Vehicle Purchases.

Recommended by the Board of Selectmen (5-0)

Recommended by the Budget Committee (6-0-0)

Estimated Tax Impact \$0.0009 per thousand

Article 2023-16 Cemetery Capital Reserve Fund

To see if the Town of Danville will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) to be placed in the existing Cemetery Capital Reserve for future cemetery expansion.

Recommended by the Board of Selectmen (5-0)

Recommended by the Budget Committee (5-0)

Estimated Tax Impact \$0.0017 per thousand

Article 2023-17 Colby Memorial Library Expend Interest

To see if the Town of Danville will vote to raise and appropriate the sum of Two Hundred Sixty-One Dollars (\$261.00) to purchase books and authorize the use of that amount from the interest income earned from the library's TD Bank checking account and to authorize the expenditure of those funds by the Library Trustees.

Recommended by the Board of Selectmen (5-0)

Recommended by the Budget Committee (5-0)

No Tax Impact

Article 2023-18 Highway Sand/Salt Storage Building

To see if the Town of Danville will vote to discontinue the Highway Sand/Salt Shed Account. Said funds, with accumulated interest to date of withdrawal, are to be transferred to the Town's General Fund.

Recommended by the Board of Selectmen (5-0)

Recommended by the Budget Committee (6-0-0)

No Tax Impact

Article 2023-19 Change Governance of the Fire Ward System

To see if the Town of Danville will vote to adopt and change the governance from the Fire Ward system and appoint the fire chief by the local governing body, or by the town or city manager, if any, with firefighters appointed by the local governing body or manager, upon recommendation of the fire chief per RSA 154:1.

Recommended by the Board of Selectmen (5-0)

No Tax Impact

Article 2023-20 Veterans' Property Tax Credit

Shall the Town of Danville readopt the All-Veterans' Tax Credit (RSA 72:28-b) for an annual tax credit on residential property which shall be equal to the same amount or optional veterans credited voted by the Town of Danville under RSA 72:28? To allow for the expansion of the criteria needed to qualify for the All-Veterans' Tax Credit of \$750 to now include those service members that are currently serving and have not yet been honorably discharged from the armed services. The readoption of the All-Veterans' Tax Credit, if approved would continue to offer a \$750 tax credit to all honorably discharged Veterans that qualify under the current requirements of RSA 72:28-b but as of April 1, 2023, it would expand the eligibility requirements to now include those individuals that have not yet been discharged from active service. Note: If this Article does not pass the All-Veterans' Tax Credit would revert to the Standard Veterans' Tax Credit under RSA 72:28, I, and as of April 1, 2023, the Standard Veterans' Tax Credit would be in place and reduce the Veterans' Tax Credit from \$750 to \$50 per year.

Recommended by the Board of Selectmen (5-0)

Article 2023-21 Citizen Petition – Default Budget Determination by Budget Committee

To see if the town shall adopt the provisions of RSA 40:16-b to delegate the determination of the default budget to the municipal budget committee which has been adopted under RSA 32:14

Article 2023-22 Citizen Petition – Grant Conservation Easements on Town Lands

To see if the Town will vote to advise the board of Selectmen to investigate obtaining a conservation easement for town conservation lands. The purpose of the conservation easement is to ensure the protection of the properties for municipal benefit. The Conservation Easement shall be in the form recommended by the Danville Conservation Commission, Danville Forestry Committee and Danville Board of Selectmen and subsequently approved by the Town of Danville.

Article 2023-23 Citizen Petition – Allowing Motorized Vehicles on the Town's Lands

Shall the Town adopt the position allowing the operation of motorized Vehicles on Town owned Land provided that all destruction of property laws and ordinances are abided, and the operators have obtained written permission from the Danville Board of Selectmen.

Danville Summary Inventory of Valuation

Reports Required: RSA 21-J:34 as amended, provides for certification of valuations, appropriations, estimated revenues and such other information as the Department of Revenue Administration may require upon reports prescribed for that purpose.

Note: The values and figures provided represent the detailed values that are used in the city/towns tax assessments and sworn to uphold under Oath per RSA 75:7.

2022 Elections Annual Report

We would like to thank the residents of Danville for the great turnouts at the polls this year. We had town, primary, general elections, and strong showings at all three. The biggest news, from the town's perspective, is that Barry Hantman, long-serving moderator, stepped down following the March election. John Chandler accepted the position of temporary moderator until a new moderator can be elected. We all give our sincere thanks to Barry for his service to the town.

Thanks are also due to the voters of Danville. As mentioned above, we turned out at the polls, expressing our opinions and exercising our right to vote. Thomas Jefferson said, "We do not have government by the majority. We have government by the majority who participate." Voting is at the heart of our democracy, and it is always good to see the voters of Danville step up to that duty and vote with enthusiasm. It is also a pleasure to report the high spirits, pride, and smiles that everyone showed at the polls as they deposited their ballots for counting.

It is always great to see familiar faces at the elections. It is even better to see new voters. Some are new residents, some are residents who recently gained the right to vote, some are, simply put, folks who are finally engaging. Regardless of motives or habits, thank you to all for participating in our elections. Elections require officials to make them run. Our poll workers, including the ballot clerks, supervisors, police officers, and volunteers, working closely with the selectmen and town clerk's office, helped everything go smoothly. This is especially important with a new moderator, who is especially grateful for the extra support and guidance they offered, as well as their professionalism and knowledge. Their own friendliness and enthusiasm for this expression of democracy is a key element for how well the year's elections have gone.

If you ever think that your vote won't matter, keep in mind that Danville has had races end up in a tie in the recent past. A single vote in that election, one way or the other, would have made a difference. So please continue to vote in person or by absentee ballot as appropriate.

Peggy Noonan said, "our political leaders will know our priorities only if we tell them, again and again, and if those priorities begin to show up in the polls." Jens Stoltenberg said, "By voting, we add our voice to the chorus that forms opinions and the basis for actions." Danville's chorus may be small, but our voices matter, and every one helps to carry our messages and move our leaders, from the Board of Selectmen through the President, to act in accordance with our opinions.

Please continue to make your voices heard in 2023. Participate in the deliberative session, where our democracy is in its most direct form; continue to vote each election day, in person or by absentee ballot. Danville has shown repeatedly that we treasure our right to vote. Let's keep that Danville tradition going!

We look forward to seeing you at the polls.

Respectfully Submitted,

John Chandler, Town Moderator
Christine Tracy, Town Clerk

2022 Elected Animal Control Officer Annual Report

The Animal Control Officer (ACO) enforces state laws and town ordinances pertaining to domestic animals. Animal Control is dedicated to serving the community as it relates to both humans and animals. In 2022 the ACO responded to and resolved over 203 calls and complaints through Rockingham Dispatch. These involved cruelty complaints, lost dogs/cats, found dogs/cats, loose livestock, loose dogs, injured animals, animal bites, and abandoned animals, and maintaining licensing throughout the year.

The Town Clerk issued over one thousand dog licenses and several civil forfeitures for unlicensed dogs in 2022. Licensing is required by NH Law to ensure all dogs carry a current rabies vaccine. Licensing is required by law and aids in getting your dog home quickly if they wander. Accidents happen and dogs get out. Current licenses can be the difference between being returned in minutes or an overnight stay at the kennel. Please confirm your contact information is correct so you can be contacted quickly in any event related to your dog. Dogs must be licensed each year by April 30th as required by state law. Please notify the Town Clerk if you no longer have your dog.

Why is microchipping your pets important? According to statistics, **one in three pets become lost at some point in their lives**, and yours could very well be one of them. That's more than enough reason to microchip your canine or feline companion.

This seems like a good time to remind everyone to please report lost or found pets to your ACO. The sooner they are reported the quicker your chances are finding your pet. Please do not hesitate to reach out to me, any time if you need help with your pets. I will always do what we can to help anyone. I do not monitor social media so calling 603-679-2225 ext 0 is the best way to reach me. This number is good for the entire Rockingham County.

Time to share this news! On September 1st, 2021, I enrolled in a training course through National Animal Care and Control Association (NACA). This involved 21 subject chapters, each containing 8-10 subunits, and quizzes. Units included professional ethics, emergency first aid, dangerous dogs, basic investigations, search warrants, federal laws for control substances, rabies and more. You are required to pass the final exam with a score of 80% or better to be certified. Five months after registering, I am proud to announce that I successfully completed the course of study and exam, and now hold a National Certified Animal Control Officer, Level 1 certification!

Fact: In 2021, there were only four certified ACO's in NH, and Danville is the first for 2022 and the only one with a National Level 1 certification.

Sheila Johannesen

2022 Police Department Annual Report

The Danville Police Department is currently staffed with four full-time police officers and two part-time police officers. Our department provides a range of public safety and community-based services. These services include emergency response, criminal investigations, motor vehicle enforcement, juvenile services, and a whole array of community focused crime prevention programs.

Our department continues to confront new challenges as the face of law enforcement evolves. Police recruitment and retention is an ongoing issue for many police departments, including ours as well. We are currently down two fulltime officers, and it has been a daunting task to try and attract new applicants into the police profession. Some of this may be contributed to the ongoing discussion across the country regarding the need for police reform, and how the profession is viewed in general. No matter what challenges lie ahead, we will continue to evolve in partnership with the community to ensure we maintain the highest level of police services and trust of those we serve.

A new police facility is critically needed and has been a hot topic for the past few years. We continue to explore plans and locations for an efficient and cost-effective building. The staggering inflation rate, however, has thrown a wrench into our previous proposals. In the months ahead, we plan to take a closer look at our original design plans and seek out grant opportunities. As the new project unfolds, we will keep you informed on our progress and hopefully move forward with a new proposal. In the meantime, I welcome each of you to tour our current facility to understand why a new building is so desperately needed, and to answer any questions you might have regarding the project.

We continue to partner with the Danville Elementary School for safety planning and class presentations. We participate in the elementary school's Crisis Team, which is the group that

helps facilitate emergency crisis planning. This includes practicing drills throughout the school year. We assisted the entire student body and staff of Danville Elementary with a variety of drills, to include a full evacuation drill. In September, Lt. Justine Merced received her "ALICE" instructor certification (ALERT, LOCKDOWN, INFORM, COUNTER, EVACUATE), which is a program to provide students and staff strategies to proactively handle the threat of an intruder or active shooter. Lt. Merced assisted introducing the program to every school in the Timberlane District. We hope

that these drills will never have to be used in an actual emergency, but having these drills is another way to help be prepared. Due to Covid-19 and health precautions earlier in the year, we

were unable to present the DARE or the radKIDS curriculum, but it is our sincere hope that these programs will be back in the school soon.

In April and October, we participated in the National Drug Take-Back Initiative coordinated by the Drug Enforcement Administration (DEA). Thank you to all who participated. We collected over 100 pounds of unused or expired medications! Also in October, we participated in "Beards for Bucks" to help support Rockingham County's Child Advocacy Center (CAC). Beards for Bucks is a fun and exciting fundraiser where male law enforcement officers can grow facial hair for the month of October to support the CAC. Female officers are also able to go "Blue for Bucks" by wearing blue nail polish. The Child Advocacy Center is a non-profit organization that helps nurture child abuse victims and provides a safe environment for them to make their voice heard, as we get to the bottom of the case of abuse or neglect.

It was great to be able to offer some of our community-based events again this year. We kicked off Old Home Days weekend with an indoor movie presentation of Sing 2 at the Community Center and the Police Association hosted the Flea Market and main stage performances at the Day Field. We were excited to be able to gather for the Annual Tree Lighting ceremony and once again continue the festivities with Santa at the Community Center, after forgoing those activities the previous two years for health and Covid concerns. The night included free pizza, live music, raffle gifts, and photos with Santa. It was a magical evening and was attended by our largest crowd yet. We look forward to our 25th Annual Tree Lighting ceremony next year!

I would like to recognize my entire staff for their truly honorable and exemplary service while we continue to work through short staffing. Even when Covid struck inside the department, healthy officers worked tirelessly to cover for their comrades while they were out sick. They accepted each challenge without pause, day in and day out.

Finally, I would like to express my sincere gratitude to the residents of Danville for the continued support you have expressed to me and my entire department. Your words of encouragement and simple acts of kindness are greatly appreciated. As a community, we are fortunate to be recognized year after year as one of the "Safest Towns" in NH. That is surely something we ALL can be proud of! I personally could not be prouder to serve as your Police Chief and to call Danville our home.

As always, my best wishes to all of you for a safe, happy, and healthy 2023!

Respectfully,
Chief Wade H. Parsons

2022 Forestry Committee Annual Report

This year the Forestry Committee celebrated the town of Danville adoption of the Forest Management Plan by a vote of 760 in favor and 105 opposed. This was a well justified and appreciated response to years of work by current and past Committee members, and our NH licensed Forester. The result of this work is a highly detailed management plan we shared with the town before our community voted to support it. Over 450 acres of land is administered by the Forestry Committee as we focus on sharing (and improving!) the enjoyment of this resource for recreation, wildlife support, and future financial rewards.

Respectfully submitted,

Carsten Springer, Chairman
Robert Loree

Sayra DeVito
Chip Current

2022 Conservation Commission Annual Report

The Conservation Commission had an active year hallmarked by several key events we are proud to share with our community. The Conservation Commission welcomed a new member and acting secretary, Brian Heide. Brian is an avid outdoor enthusiast and very frequent hiker in our Town Forest. We have enjoyed continuing to work in our advisory and supportive role with the Planning Board, Selectmen, Forestry Committee, and others offering input on land use topics.

The Conservation Commission completed several land additions on behalf of the town in 2022. These include:

1. Adding approximately 40 acres of Conservation land, with trails, through the generous bequest of the Burnett family. This parcel will be known as the John A. Burnett Memorial Forest.
2. Adding approximately 70 acres of Conservation land adjacent to the rear of the Town Forest.

If you'd like to join our activities, please let us know. Several work sessions each year benefit from folks with manual and equipment skills to help us accomplish some of our tasks. This in turn will help current and future residents enjoy expanded access.

Respectfully submitted,

Carsten Springer, Chairman
Robert Loree, Vice Chairman

2022 Colby Memorial Library Annual Report

Big things happened at the library this year, including the launch of two major digital platforms, new programs offered by our outstanding Children's Department and record-breaking participation in our Summer Reading Program for children, teens, and adults.

Our patrons faithfully checked out materials, learned how to borrow digital resources and attended our regularly occurring Storytimes, Mystery Book Club, Cookbook Club, Knitting Group, Friends' meetings and more. We always ask what else can we offer to meet our community's needs and came up with a few ideas!

In response to what we've dubbed the Danville Baby Boom, in 2022 we launched Baby Time – a monthly interactive story time for infants. These popular monthly gatherings, led by Carolyn Killian, help infants build language skills, eye/hand coordination and early social skills, as well as offer social time for parents and caregivers.

Because everyone can use a laugh and because reading is so very important for the younger set, we added a new monthly book club. Nancy Sheridan leads a group of 4-5th graders who meet monthly to discuss humorous books.

Early in the year we launched Hoopla with over one million ebooks, audiobooks, movies, albums and more. This complemented the longstanding Overdrive downloadable ebook and audiobook collection. Also new in 2022, all Danville residents with a library card can now access the *Wall Street Journal* online for free – a savings of over \$200-\$400 a year.

Above left: New books in our fiction area
Above: Our children's reading room decked out for Summer reading
Below: Best-selling author Sebastian Junger calls in to a book discussion

Despite adding digital resources, we will always grow our collection of books and videos. Our Assistant Director, Tom Billbrough, excels in knowing, in advance, what new releases our patrons will want.

Over 150 children, teens and adults participated in the annual eight-week Summer Reading Program logging their reading time and titles to earn weekly prizes. This year's theme was Oceans of Possibilities and we kicked things off with a visit from the Seacoast Science Center of Rye. Children were fascinated by a touch tank with crabs, seaweed, sea stars and other creatures that live along the shore. The SRP also featured weekly ocean-themed craft activities for children, STEM projects, LEGO club, a teen photography workshop, and a book

discussion on the *Perfect Storm* by Sebastian Junger who joined us by phone. A fun luau with songs, dancing, and the limbo was the perfect way for families to close out the program.

We were pleased to be part of a New Hampshire Humanities grant award for an all-community conversation about the Asian-American experience during World War II and the novel *The Hotel on the Corner of Bitter and Sweet* by Jamie Ford.

New Hampshire Fish and Wildlife stewards came to Danville twice to present wildlife programs. The first, Understanding Bobcats, was one of our first in-house programs since 2020 and it was great to have so many people in the building. We also cosponsored, with the Danville Animal Control Officer, Survival of the NH Moose. We also welcomed Danville's Dr. Carl Manikian, who

Above: Fire Lt. Rob Aliberti gives Livia West a fire helmet during our fire safety program

Below Right: Children explore a touch tank at our Summer Reading Program kick-off

shared his photographs and remembrances of the Boston Rock scene in the 1960s and 1970s with an enthusiastic audience.

The Danville Fire Department came by this fall to help us teach fire safety to local children. Their attention was rewarded with an opportunity to blow the sirens and spray the hoses.

We enjoy connecting with the entire community and sponsored our second annual Snowman Contest in February and our second Literary Pumpkin festival at Halloween as well as offering a Family Story Time with free popcorn and cotton candy at the Danville Olde Home Days.

This year we were saddened by the passing of Virginia Rafuse, a long time Danville resident and former Trustee of the Library. We received a generous donation from Jerri Clemens, of Maine, in Virginia's memory. We have purchased books on fitness, aging, and nutrition with these funds, as Ginny was a regular swimmer and exerciser who lived to be 100 years of age.

Residents may not know that we offer free access to the Ancestry genealogy database and Transparent Language tutorials. We have discounted admission passes to the Boston Museum of Science, the Children's Museum of New Hampshire in Dover, The Seacoast Discovery Center in Rye and the McAuliffe-Shepard Discovery Center in Concord. We also loan a powerful Orion telescope and Outdoor Exploration Backpacks for kids stuffed with binoculars, compasses, first aid kits, maps, nature identification tools and more.

The library provides Wi-Fi inside and out, home-bound delivery, and one-on-one reference and technical assistance. We process thousands of Inter-Library Loan items for our patrons and patrons across the state.

We would like to thank the Friends of the Library for their continued support. This year, the Friends generously donated funds for the Seacoast Discovery Center

pass. Also, thanks to the Friends, we, for the first time, awarded grand prizes in each of the Summer Reading Program categories.

We also send thanks to our neighbor and Friends member Kathy Dennis, for her beautiful handmade wreaths adorning our windows and doors during the holiday season.

For more information about the library including hours, Storytime information and other services please see our website at colbymemoriallibrary.org or call us at 603-382-6733. Follow us on Facebook for news. Link to Facebook from our website.

2022 Zoning Board of Adjustment Annual Report

The Danville Zoning Board of Adjustment (ZBA) is a five-member volunteer board. The principle role of the ZBA is to hear and issue decisions regarding applications for variances, special exceptions, equitable waivers of dimensional requirements, and appeals of administrative decisions related to zoning. Each application is reviewed on its own merits and the decision to grant or deny the request is made independent of the outcome of other previous applications.

During 2022, the board reviewed and or issued decisions on the following four applications.

- A Special Exception for an Accessory Dwelling Unit at 70 Sweet Street was granted to FTG Development LLC
- A Special Exception for a Home Occupation from John Grover at 45 Beechwood Road was denied.
- A Special Exception hearing for a Home Occupation from John Grover at 45 Beechwood Road was continued.
- A variance request from David Cunningham, C&L Estate LLC, 582 Main Street was granted with restrictions for the 200ft frontage requirement on lot 28-1.

The ZBA meets as needed. Hearing notices are posted at the Town Hall, Post Office, and listed in a local newspaper. All abutters to the property receive a certified letter of notification for the upcoming hearing. Those needing a hearing with the ZBA may contact the clerk who will assist them in filling out the application and abutters list. All applications require a public hearing. The requirement for ZBA public hearings is outlined in RSA 676:7 Public Hearing; Notice.

Below are the members of the 2022 Zoning Board of Adjustment.

2022 Highway Department Annual Report

With the support of the Town of Danville, the Highway Department began the construction of drainage and reclaiming of Candy Lane and Sawmill Road with a completion date of spring. This year the Tennis Courts/Basketball Courts at Goldthwaite Field had an overhaul and came out amazing. At the Highway Department's second annual Touch-a-Truck event at the Town's Old Homes Day, a raffle was held for a Danville Elementary student to win a ride to school in the town truck. The winner was Joey Beaudoin. He was picked up by James Seaver, the Road Agent, and highway worker Dan Ricker.

A few reminders: Please continue to use the blue bags for picking up litter on the roadside. Leave the full bags on the side of the road and call the Highway Department to let us know where to pick up the bags. Please pick up pet waste, never dump anything into the swales, and use environmentally safe fertilizers to keep our water systems safe. As always, you can find information on the town website regarding our town policy on Winter Procedures and all other information for the Highway Department. We would like to thank the town's residents for being patient as we redo roads, clear snow, and just maintain the town.

Respectfully,
James Seaver
Road Agent
603-382-0703

Jimmy Seaver-Road Agent, Dan Ricker-Highway Worker, and Dan Beaudoin, winner of the raffle at Old Home Days, enjoying his sweet ride to school in a town truck.

2022 Planning Board Annual Report

In 2022, the Danville Planning Board saw continued interest in residential and commercial development within the Town. Subdivision and site plan applications continued to come before the Board in 2022 and it is clear that the Town continues to be attractive to developers. The Planning Board is gratified that recent developers have been willing to work with the Town to provide development that helps maintain the town's character. Long-term, the Planning Board anticipates that growth will continue due to the Town's location and rural environment.

The Planning Board continues to review all subdivision, site plan, and excavation applications to make sure they meet state and local regulations and to help maintain the rural nature of Danville. The Planning Board reviews each of the applications at our regularly scheduled meetings, has all plans reviewed by both the Conservation Commission and Town Engineer, and then conducts an on-site examination of the proposed development site. The Planning Board also calls on the expertise of the Road Agent, Heritage Committee, Board of Selectmen, Fire Department, and Police Department, as required, to perform an appropriate review.

In the past few years, the Board was particularly focused on changes to Zoning that have hindered Business development and has worked to promote a more business-friendly environment. Some of the changes have included updates to the signage regulations, types of businesses permitted in the Village District, and to extend the boundaries of the Village District. These efforts seem to be beginning to bear fruit as we've seen new commercial development and proposals in Town.

In addition to the previously mentioned activities, the Planning Board has been involved with updating the Town's Master Plan to bring relevant sections up-to-date and to create a new Climate Change section.

The Planning Board has been encouraged by the large amount of interest in planning issues shown by the residents of Danville. Our hearings have been well attended with a wide diversity of thoughts expressed. In addition, many of the Town's residents watch our meetings on Danville's cable channel 20 and via live stream over the internet. This type of participation helps ensure that development in Danville is managed appropriately. The Planning Board meets on the second and fourth Thursdays of the month at 7:30PM in the Town Hall. We invite you to join us at these meetings and invite you to get involved with the activities of the Board.

A complete listing of the applications that came before the Planning Board and the status of those applications follows.

2022 Heritage/Historic District Commission Annual Report

The Heritage/Historic District Commission completed several projects this year and addressed some matters concerning the Historic District.

Virtual tour. On February 6, 2022 the Commission launched a 30-minute virtual tour, with music, narration and beautiful photography, highlighting some of our town's historic places. Filmed and produced by Danville's Paul Pazolt, the tour provides a peek into the town's founding in the mid-1700's and a glimpse of life as it was in the 1800's. The tour's introduction was played as a preview at the Town's deliberative session on February 5. The full tour can be viewed from a link on the Commission's page on the Town of Danville Website. A link was provided on the Danville Community Facebook page, and DVDs of the tour are available to borrow at the Colby Memorial Library.

Master Plan update. In March of 2022 the Commission submitted its revisions to the Historic Resources Chapter of the Master Plan to the Planning Board. Updates include new information about the Meeting House, Danville's shoe making industry and schools. There are new maps, as well as identification and locations of the town's private burial grounds.

Community Round-table Meeting. Early this year Heritage members attended a round-table meeting in Sandown with Heritage and Historic District Commission members from Sandown, Hampstead and Kingston. This was an opportunity to meet board members from our surrounding communities, share information and identify common challenges. A lack of training issue was identified, brought to the attention of the state and resolved when the state worked with preservation organizations to offer online statewide training.

Historical Buildings Inspections. We inspected the Webster Stagecoach Stop & Store and Little Red Schoolhouse and submitted our annual inspection reports under our Stewardship Agreements with the Selectmen. Both buildings were cleaned, and mouse deterrent products were placed in both buildings in the fall. The window woodwork and corner trim boards at the Stagecoach Stop received a fresh coat of red paint in the fall after we made this recommendation to the Selectmen.

Old Home Day. The Commission joined the Olde Meeting House Association and the Village Improvement Society (VIS) to open a number of Danville's historical buildings to the public in August for this annual celebration. Commission members greeted visitors at the Little Red Schoolhouse and Stagecoach Stop.

Historical Displays. We are continuing to sort through the historical donations received from the Hawke Historical Society and Mary Burnett. We've found many items used by the town's early shoemakers and cobblers and items from the two shoe factories that were in business in Danville in the early 1900's. We've started a display with some of these items in the large cabinet in the Town Hall foyer. It is a work in progress that we hope Town Hall visitors will periodically view and enjoy. A Danville resident, Barry Hantman, has generously offered to digitize some of the old photos, slides and documents the town received from the Hawke Historical Society.

Historical Donations. The Commission received a number of gifts from the Griffin family, whose ancestors owned Towle Farm on Beach Plain Road for two centuries and sold the property this year. Donated items include hand-made tin candle holders that were used at the Union Church, a small vintage sled from the late 1800's, a shoemaker's tool used by a Griffin family member at one of the

1900's Danville shoe factories and many old town reports. The Griffins' most unique donation was an 1877-1880 United States flag with 38 hand-applied stars. The flag is garrison size, measuring 11 1/2 x 22 1/2 feet. It was presented to the town with a poster advertising two flag raisings in Danville in 1880. The Commission made arrangements for examination and a report by a textile conservator in December. The conservation report documented the flag's approximate age and provided information about its condition and how it was made. The report also contains steps and costs for future care and preservation of the flag, which the Commission hopes to look into in 2023.

Subdivisions - Historic properties. The Commission provided historical information and documents to the Planning Board and new property owners regarding two Danville properties proposed for subdivision this year. The 1800's home at 582 Main Street, which will remain on the property with two new homes, housed an 1800's post office operated by Salina Sanborn and her father for 63 years. The home at 362 Main Street is shown on the 1759 town map as the home of David Quimby, a Hawke Selectman in 1776 and Captain in the Revolutionary War. Unfortunately, Capt. Quimby's home could not be restored and after its demolition the land will be used for several new homes. At the Planning Board's request, the Commission also reviewed plans for a vegetated buffer area between the Little Red School house and the new homes at 362 Main Street.

Historic District. The Commission addressed two matters concerning the Historic District this year. One involved the use of ATV's on Tuckertown Road that could impact the historic district. The Commission provided input to the Selectmen to ensure ATV riders were required to comply with the historic district zoning ordinance. The Commission also provided information and documents to the Planning Board at a public hearing regarding a zoning amendment requested by the Forestry Committee to exempt the Forestry Committee from the historic district ordinance.

Barns & Agricultural Buildings Info. We've posted information and links on the Heritage Commission's section of the town's website about assessment grants for old barns and the tax incentive program for historic barns and agricultural buildings that are available to residents. Owners of these old buildings are always welcome to contact the Heritage Commission for more information.

Heritage Fund. The Town's Heritage Fund is available for those who would like to make a monetary contribution towards preservation of Danville's history and town-owned historic structures. The Heritage Fund is dedicated to public purposes and donations to the fund are therefore tax deductible under section 170(c)(1) of the Internal Revenue Code. Arrangements for donations may be made by contacting the Heritage Commission.

Membership. The Heritage Commission is actively involved in many activities that honor our Town in a positive and special way. Becoming a member of the Commission, or participating in our activities, is an opportunity to learn about our town's history and government and understand our town's past as we move into the future. Residents who are interested in joining may contact the Selectmen's office or Heritage Commission for an application form.

We close with a thank you to Brenda Whitehouse, who served on the Commission for five years. Brenda was our go-to member for photographs, videos, Heritage news on social media, and her talented work on our displays.

Respectfully submitted,

Carol Baird, Co-Chairman

Brenda Whitehouse – Vice Chairman (resigned December 2022)

Kathleen (Kathy) Dennis - Co-Chairman

William (Bill) Hull – Member

Dorothy (Dottie) Billbrough – Selectman Member

Judy Jervis – Alternate

2022 Cable Committee Annual Report

During 2022, Danville's Cable Channel 20 continued to provide the residents of Danville with access to almost all of the Town committee meetings. Virtually all Board of Selectmen meetings, Heritage Committee meetings, Conservation Committee meetings, Planning Board meetings,

Recreation Committee meetings and Budget Committee meetings were televised. These meetings were rebroadcast several times throughout the week providing additional viewing opportunities. In addition, local church services have been broadcast each Sunday morning.

In 2022, we also continued our live and on-demand streaming capability. All of the televised meetings are available for streaming at a time of your choosing from your PC or cell phone. Simply visit the Town's web site and click on the "Meeting Videos" button. The live

streaming capability has been well received and we will continue to expand this capability as we go forward.

2022 also saw the upgrade of our video systems in the Town Hall. All of the cameras, microphones, and switching equipment in the main hall were updated. This equipment provides a much clearer picture and eliminates the tabletop microphones. During 2023, we plan to continue upgrading the system to provide an even clearer picture.

When meetings are not being televised, Danville's Channel 20 broadcasts the Town's electronic bulletin board that provides information about upcoming Town and community events.

It is important to note that the Town's Cable TV System operates with no impact to the Town's Tax Rate. The funds are provided by Comcast based on fees returned to the Town in accordance with our franchise agreement.

During 2022, we continued to add new Camera Operators who have done a fantastic job learning the necessary skills and ensuring that we had no lapses in televising town meetings. We continue to offer opportunities for our Town's youth.

We hope you enjoy watching Danville's Cable TV channel and hope that you find it useful and informative. We would appreciate any suggestions that you might have.

Barry Hantman, Cable Coordinator
Roger Whitehouse, Committee Member
Shawn O'Neil, Selectmen's Representative

David Leonard, Camera Operator
Gracie Griffiths, Camera Operator
Deborah Christie, Committee Clerk

The Schedule for Channel 20 is as follows:

Sunday

9:00 am Danville Baptist Church
3:00 pm Planning Board (rerun)

Monday

9:00 am Conservation Commission (rerun)
1:00 pm Heritage Commission (rerun)
4:00 pm Selectmen (rerun)
7:00 pm Selectmen (live)

Tuesday

9:00 am Heritage Commission (rerun)
1:00 pm Budget Committee (rerun)
4:00 pm Conservation Commission (rerun)
7:30PM Budget Committee (live – during budget season)

Wednesday

9:00 am Planning Board (rerun)
1:00 pm Conservation Commission (rerun)
4:00 pm Heritage Commission (rerun)
7:00 pm Recreation Committee (live – monthly)
7:30PM Heritage Commission (live – biweekly)

Thursday

9:00 am Selectmen (rerun)
3:00 pm Planning Board (rerun)
7:30PM Conservation Commission or Planning Board (Live)

Friday

1:00 pm Selectmen (rerun)
4:00 pm Budget Committee (rerun)

2022 Fire Department Annual Report

The Danville Fire Department responded to 463 calls in 2022.

Burn permits are required for any outside burning and may be obtained at the Fire Department during business hours which are Monday – Friday 8:00am to 4:00pm. Permits are also required for wood, coal, gas, and pellet stoves, as well as chimney installations. Stand-by generators as well as all propane storage tanks must also be inspected. Permits may be acquired at the Town Hall during their normal business hours.

We continue to collect waste oil to heat our apparatus bays. We have not had to purchase heating oil for over ten years. Thank you for your participation.

We encourage all residents to check their smoke detectors frequently and install carbon monoxide detectors in their homes. We also recommend that you have your heating systems and chimneys maintained and inspected annually.

Visible house numbering is crucial in helping us find your home in the event of an emergency. Please have your house number on the mailbox and on your house.

I would like to thank the dedicated members of the Danville Fire Department who answer emergency calls 24/7, 365 days a year. I would also like to thank the residents for their continued support. Please support our Warrant Article for a new pumper/tanker on the 2023 ballot. Funds have been accumulated through grants, impact fees, and capital reserve accounts. Please support the 2023 Town Budget.

Respectfully,
Chief Steven J. Woitkun

2022 Southeastern New Hampshire Hazardous Materials Mutual Aid District Annual Report

About the District:

The Southeastern New Hampshire Hazardous Materials Mutual Aid District's membership is comprised of 15 communities, covering approximately 360 square miles with a population of over 193,000 people. The District was formed in 1993 to develop a regional approach for dealing with the increasing amounts of hazardous materials being used and transported within these communities. In 2022, we were fortunate to have Atkinson rejoin the District.

The District draws its funding from an annual assessment from each community as well as from grants and donations. The FY 2023 operating budget for the District was \$148,273.00. Additionally, in 2022 the District applied for and received federal grants for equipment, training, and operational expenses totaling \$128,250.00. These grant awards included funding for equipment maintenance plans, replacement chemical protective garments, new SCBA air cylinders, environmentally friendly suppression foam, an all-terrain vehicle for remote incident responses, radio reprogramming, HazMat management software as well as numerous training programs for team members. The Fire Chiefs from each member community make-up the Operations Committee of the District. The Operations Committee is overseen by a Board of Directors consisting of elected representatives from each community. It is the Board of Directors who approves the budget and any changes to the bylaws of the District. The Executive Board of the Operations Committee, which consists of the Chairman, Vice-Chairman, Treasurer, Technical Team Liaison, and one Member at Large, manages the operations of the District within the approved budget.

In 2022, we have been operating with a new, part-time District Administrator who manages the administrative functions of the District, including but not limited to, grants management, financial management, and emergency planning.

District Facility

The District maintains a facility in Windham that provides space to house several of its response vehicles and trailers, as well as provide office and meeting space for the District Administrator. In addition, the District is able to utilize the facility for monthly training for the Emergency Response Team.

The Emergency Response Team:

The District operates a Technical Emergency Response Team. This Response Team is overseen by one of the member community's Chief fire officers who serves in the Technical Team Liaison position. The Team maintains a three-level readiness response posture to permit it to immediately deploy an appropriate response to a District community's request for help involving an unplanned release of potentially dangerous chemicals within their jurisdiction. While the Team primarily prepares for response to unplanned accidental chemical releases it is also equipped and trained to deal with a variety of Weapons of Mass Destruction (WMD) scenarios. The team maintains a host of specialized response equipment to deal with chemical and environmental emergencies.

The Emergency Response Team is made up of 24 members drawn from the ranks of the fire departments within the District. The Team consists of five Technician Team Leaders, 16 Hazardous Materials Technicians, and three Communication Specialists. In addition to these personnel, the team also includes an industrial chemist from a local industry.

District Resources

The District's response resources include HazMat 1 which is the primary response vehicle and carries chemical detection and identification instruments, containment supplies, plugging, patching and intervention supplies, communication equipment, computer based and other chemical reference guides as well as chemical protective equipment. The Team's other vehicles consist of a Mobile Command Support Unit, Rehab Truck, two Spill Trailers, a Technician Trailer, an Operations/Spill Trailer, a Firefighting Foam Trailer, an Air Supply/Lighting Trailer and an SUV vehicle.

The Command Support Unit, HazMat 1, is housed in Windham along with the Technician Trailer and SUV, while spill trailers are located in Derry and Sandown allowing for rapid deployment. The Foam Trailer is housed by Salem Fire, the Operations Trailer is housed by Hooksett Fire and the Air Supply trailer is housed at Chester Fire. Activation of the team is made at the request of the local Incident Commander through the Derry Fire Department Dispatch Center.

The Rehab truck which serves as a firefighter rehabilitation unit is also housed at our Windham facility. This unit is equipped with a heated inflatable shelter to provide first responders shelter from the weather, can serve hot beverages, and has refrigerated cases of water and sports drinks. In order to remove carcinogens from firefighters as soon as possible, this truck is also equipped with garden hoses, soap and brushes to assist the firefighters at the scene. Staffing of this vehicle is done by a team of dedicated volunteers recruited from some of the District's fire departments along with the Derry Community Emergency Response Team (CERT).

Response Team Training

The Emergency Response Team members have completed 620 hours of training this calendar year. This training consisted of in-person training programs covering Hazardous Materials Transportation, Computer-Aided Management of Emergency Operations, Palmtop Emergency Action for Chemicals (PEAC), Hazardous Materials Simulation Equipment, Chemical Protective Clothing, Decontamination, and leak control techniques, as well full-scale response drills including the Manchester Airport 2022 Triennial Readiness Drill. Team leaders attended the International Association of Fire Chiefs HazMat conference, the first in several years since the pandemic's start. In addition, through grant funding, the District was able to host approximately 60 Company and Chief Officers from its member communities in a "First Responder Offensive" HazMat training class covering technical size-up and scene safety information for first arriving responders. In addition, the annual New Hampshire HazMat Conference was resumed in 2022 providing 20 Team members with nationally recognized speakers and subject matter experts discussing topics such as EV battery incidents and mitigation among others.

Emergency Responses

In 2022, the Hazardous Materials Team responded to 20 incidents, including a significant waste oil spill from a business which was impinging on wetlands and a fuel oil tanker roll-over on I93. Other responses included spill trailer responses from motor vehicle crashes, home oil tank leaks, propane emergencies, identifying unknown substances, as well as requests for technical assistance for member departments where a Response Team Leader provided consultation to the fire department on the handling of an incident. The REHAB team responded to thirteen incidents including fire scenes and large-scale training events.
