## CURBSIDE TRASH & RECYCLING PROGRAM

Welcome to Casella! We are very excited for the opportunity to service the Town of Danville's solid waste and recycling curbside program starting January 1, 2012.

With Zero-Sort® Recycling, we're making it easier for you to recycle. This is why you're receiving two new containers; one to be used for everyday household trash and the other so you can recycle things you don't want and turn them into the things you do!
