Carsten introduced CO Evans and Major Constantino and CO Evans stated how much they appreciated Danville's and the Conservation Commission's support of the county work program. Carsten noted the number of projects that the count work crew has worked on over the past three years. Major Constantino stated that the crew was also available in the winter for shoveling, hydrants, water drains, etc., and that in the area they had accomplished roofing, painting, siding, and demolition projects and asked that Danville keep them in mind for future projects.

CO Evans stated that the participants in the work program took a great deal of pride in their accomplishments and thanked Danville, also, for their support. Carsten, too, thanked the representatives and noted that Shawn O'Neil, Chair of the Board of Selectmen, also expressed his gratitude for the work performed by the county crew.

Carsten stated that he and Bobby had been working at the Sanborn property and the apple orchard and Carsten spent 8 hours with the brush hog in the field(s) and he finished spreading the gravel in the driveway that Allan had started and that the driveway was ready for use.

It was noted that Ed Lang, a member of the Patriot Group, was collecting items to be brought to Texas on October 6th. Ed noted that they group may also be heading to Florida, depending on the damage that could occur due to Hurricane Irma.

Allan priced the rental of a 304 Excavator for removing the stumps and large rocks from the Sanborn fields stating it would cost \$525.00 for three mid-week days.

Following discussion, Carsten made the motion, seconded by Jason, to authorize Allan to research the purchase of a field mower up to \$1800.00; motion passed.
