ANNUAL REPORTS

1995

Danville, New Hampshire

Through the efforts of the State Historical Society, members of the Old Meeting House Association and the donation of a dedicated local citizen, a plaque was placed on the lawn of the Old Meeting House. The plaque proclaims this is the oldest meeting house in original condition in the State of New Hampshire that is still standing. The fact that it was erected prior to 1755 and in 1760 was given free of charge to the Town of Hawke (now Danville) by 27 proprietors, shows the dedication of the settlers of this Town.

OUR DEDICATION TO BRAD AND MAUREEN

This Town Report is dedicated to the dedicated. This year in particular, Maureen and F. Bradford Greeley. They have lived in Danville for the past 31 years. They have been active members of the Police Department and served on various other Committees. Maureen has been Animal Control Officer for the past 15 years. Maureen has also plowed snow for the Town for the past 15 years. Maureen has worked with the Fire Department and Rescue Squad on many occasions. Maureen has also been honored for her service for programs at the Elementary School, and in 1994 was honored by the PTA with a plaque for her dedicated service to the children. Brad, during all of this time, also served as Police Chief for 10 years. While accomplishing all of these feats, Maureen has also raised two sons, Daniel and Michael, and a husband. The thing that sticks out the most about Maureen and Brad is that at any given time of day or night, if you happen to call them for ANYTHING they were always there with open arms, through the good times and the bad times. Over the years their volunteerism has been outstanding and they have always been outspoken in giving their opinions. This year they are retiring to their new farmhouse located in Pittsfield, New Hampshire, where they can sit back and enjoy the rest of their years together. Maureen and Brad, we are all going to miss you.

TRUSTEES OF THE TRUST FUNDS - 1995 REPORT

The yield on investments for 1995 was 4.4%. This compares with 3.6% for 1994 and 4.0% for 1993.

This year three new cemetery lot perpetual care funds were established for:

Paul D. & Patricia E. Collins
Robert J. Bell & Irene O. Chester
Stanley Demaine

A capital gain of \$421.60 was earned on our investment in the Vanguard Windsor II Mutual Fund and apportioned among the accounts in Common Fund #1.

With this report, I am retiring after 30 years as the bookkeeper for the Trustees of the Trust Funds. It has been interesting to watch the funds grow from \$24,000 in 46 accounts to \$361,000 in 156 accounts with the report now generated on a computer. I'm sure the next bookkeeper will also enjoy helping the Town with its finances.

Peter S. Meigs, Bookkeeper

SELECTMEN'S MESSAGE

1995 was a very busy year for the Selectmen with many issues brought forth and addressed. The traffic lights at Route 111 and 111A have been installed and running, and it is with great hope they will make this intersection a safe one. The hiring of Danville's first full-time police officer was indeed a sign of progress. His presence has made a great deal of difference in the Town and to the continuity in on-going investigations within the Police Department.

The Board followed up with three of its promises this year, bringing Danville's cable channel on-line which now allows residents to watch not only Selectmen's, but Planning Board, Zoning Board of Adjustment, Budget Committee and other public meetings and hearings; updating of our computer and bookkeeping system to give us better control of the Town's finances; and the number one issue of the Citizen's Survey was addressed, unsightly motor vehicles. Selectmen will continue to notify owners of properties found to be in violation of the Town's ordinance, to encourage residents to continually improve the appearance of our Town.

The importance of annual inventories had been questioned and this year Selectmen voted to eliminate them. Twice a year tax billing was studied and will be implemented this year. This is expected to generate monies and alleviate interest on borrowing, thus saving tax dollars. To the applause of many very patient abutters, an unsafe condemned building was demolished.

It is expected the Board of Selectmen will continue to listen and act on issues of the Townspeople to improve the Town we all call "home".

OUR THANKS
TO
PETER MEIGS

The Board of Selectmen wish to extend their thanks to Peter Meigs for all the years of service he has provided to the Town. Peter and Debbie moved to Danville in 1959 and raised three children.

Serving as Bookkeeper for the Trustees of the Trust Funds for the past 30 years, Peter has chosen this year not to seek re-election to that position. He will certainly stay busy as he is currently President of the Hawke Historical Society and editor in chief of its quarterly publication, "Reminiscences."

His service to the Town will certainly be missed, and wishes are extended to Debbie and Peter for a happy and healthy retirement.

6. To see if the Town will vote to adopt the amendment to the existing Danville Zoning Ordinance as proposed by the Danville Planning Board as follows: (By ballot)

ADD ARTICLE VII.C.5., Sewage Sludge Control, to read:

To see if the Town will vote to prohibit the land application/land filling/stockpiling of sewage sludge, the placement of sewage sludge on the ground surface, or the firing of sewage sludge in a sewage sludge incinerator in the Town of Danville. The above-described uses will also be prohibited for ash generated during the firing of sewage sludge in a sewage sludge incinerator, or grit and screenings generated during preliminary treatment of domestic sewage in a treatment works. All of these uses would be prohibited in the Town of Danville until the Town passes a future Planning Board Ordinance to place controls and guidelines on the use of sewage sludge within Town limits. This ban will be effective immediately upon passage.

Sewage sludge is defined in 40 CFR Part 503 as a solid, semi-solid or liquid residue generated during the treatment of domestic sewage in a treatment works. Sewage sludge includes, but is not limited to, domestic septage; scum or solids removed in primary, secondary, or advanced waste water treatment processes; and a material derived from sewage sludge.”

7. To see if the Town will vote to adopt the amendment to the existing Danville Zoning Ordinance as proposed by the Danville Planning Board as follows: (By ballot)

ADD ARTICLE XI., Interim Growth Management Regulations, to read:

“The rapid and unplanned growth experienced by the Town has resulted in circumstances requiring immediate attention and, therefore, pursuant to RSA 674:23, the Town of Danville hereby enacts Interim Growth Management Regulations for the period of one year from when this Ordinance is enacted or until adequate measures are instituted which address the circumstances, whichever comes first. The purposes of this Article are:

A. To ensure that the rate of growth the Town experiences in the coming years does not unreasonably interfere with the Town’s capacity for planned, orderly expansion of its services to accommodate such growth.

B. To provide time for the Town to update the Master Plan and the Capital Improvement Plan, and develop a Growth Management Timing of Development Ordinance under RSA 674:22.

C. To research and recommend to the Town what adequate and sufficient police and fire protection coverages are and to develop a plan to support the Town's needs.

D. To research the sanitation and water requirements of the Town and to make recommendations to the Town based on immediate needs.

E. To see if the current school system is adequate.

F. To explore and review alternative Town regulations and ordinances.

DEFINITION: DWELLING UNIT shall mean rooms with cooking, living, sleeping and sanitary facilities arranged for the use of one or more individuals living together as a single family unit.

REGULATIONS

A. Permits for non-residential construction, or permits for the expansion, alteration or replacement of existing dwelling units shall be exempt from the provisions of this Article, provided said construction does not result in additional dwelling units.

B. The maximum number of building permits issued for the construction of new dwelling units shall be limited to twenty-four (24) for the period in which the Interim Growth Management Regulations are in effect.

C. A separate building permit shall be required for each dwelling unit proposed for construction.

D. Permits for dwelling units shall be granted according to the following schedule:

January	6 permits
April	6 permits
October	6 permits
July	6 permits

No more than four (4) permits will be issued to one person or developer during the interim period. Further, permits issued to any family members or employees of a developer will be considered as part of the maximum of four (4) mentioned above.

In the event that fewer than the allotted permits are issued in one quarter, the unused permits shall be applied equally to the remaining quarters. Under no circumstance shall the total number of permits under this regulation exceed twenty-four (24).

E. Permit applications shall be issued on a lottery basis. Applications will only be given to the owners, or their agents, of legal building lots. The lottery is to be conducted at the second Board of Selectmen's meeting of the months listed. No building permit shall be granted under this Article until the Building Inspector has determined that the proposed construction complies with all other applicable regulations and ordinances of the Town."

8. To see if the Town will vote to adopt the amendment to the existing Danville Zoning Ordinance as follows: (By ballot)

AMEND ARTICLE VIII; Section D; Paragraph 1.a. FROM:

"A buffer zone of at least 75 feet shall be maintained between such an area and construction of a permanent structure or waste water treatment system."

TO READ:

"A buffer zone of at least 50 feet shall be maintained between such an area and construction of a permanent structure and a buffer zone of at least 75 feet shall be maintained between such an area and construction of a waste water treatment system." (BY PETITION)
(NOT RECOMMENDED BY PLANNING BOARD)

9. To see if the Town will vote to adopt the amendment to the existing Danville Zoning Ordinance as follows: (By ballot)

AMEND ARTICLE VIII; Section D; Paragraph 2.a. FROM:

"A buffer zone of at least 75 feet shall be maintained between such an area and construction of a permanent structure or waste water treatment system."

TO READ:

“A buffer zone of at least 50 feet shall be maintained between such an area and construction of a permanent structure and a buffer zone of at least 75 feet shall be maintained between such an area and construction of a waste water treatment system.” (BY PETITION)

38. To see if the Town will vote to designate the Class VI portion of Hersey Road (sometimes referred to as Bedbug Road) as a Class A Trail, as authorized by RSA 231-A:1. (BY PETITION)

39. To see if the Town will vote to require that formal/written competitive bidding will be performed by the Town for any town expense/service (e.g., cemeteries/parks upkeep, trash disposal, recycling, town building construction/remodeling, town insurance, ambulance services, vehicle purchase/modification, tax card maintenance, property valuations, tax liens/deed research, town engineer, road maintenance, snow plowing, road paving and reconstruction, etc.) to be performed by a contractor that exceeds \$1000 in total value within a one year period. Notwithstanding RSA 28:8, the procedures for competitive bidding in Danville shall be as follows:

I. All purchases made by Danville for materials, equipment, supplies, services, insurance, building repairs or any other item, in an amount exceeding \$1000 shall be by competitive bidding. A notice for Request For Bids or Request For Proposals will be advertised in two local newspapers. Potential bidders may also be contacted by mail or phone to inquire about their interest in bidding. All potential bidders will be provided the same information. Awards for such purchases shall be made to the lowest responsible bidder. Orders for purchases to be at different times where the single delivery may be less than \$1000 but the total order exceeds that amount shall be construed as coming within the provisions of this article requiring competitive bidding.

II. In determining "lowest responsible bidder", in addition to price, the following shall be considered:

- a. The ability, capacity and skill of the bidder to perform the contract or provide the service required;
- b. Whether the bidder can perform the contract or provide the service promptly, or within the time specified, without delay or interference;
- c. The character, integrity, reputation, judgement, experience and efficiency of the bidder;
- d. The quality of performance of previous contracts or services;
- e. The previous and existing compliance by the bidder with laws and ordinances relating to the contract or service.
- f. The sufficiency of the financial resources and ability of the bidder to perform the contract or provide the service;
- g. The quality, availability and adaptability of the supplies or contractual services to the particular use required;
- h. The ability of the bidder to provide future maintenance and service for the use of the subject of the contract;
- i. The number and scope of the conditions attached to the bid.

III. All bids sought pursuant to this section shall be subject to review and approval by the Board of Selectmen. Nothing in this chapter shall be construed to prevent the Board of Selectmen from establishing further guidelines and procedures to be followed in purchasing and bidding.

IV. If the cost of the service is fixed by law, competitive bidding shall not be required.

V. Competitive bidding shall be interpreted to include guaranteed annual cost purchasing whenever applicable and whenever this factor is considered to be of value in obtaining the lowest possible annual cost, insofar as this is in agreement with the line item budget appropriation established in the town budget.

VI. In case of an emergency which requires immediate purchase of supplies or contractual services, the department concerned can be authorized by the Board of Selectmen to secure by open market procedure, at the lowest obtainable price, any supplies or contractual services subject to the final approval of the Board of Selectmen. A full report of the circumstance of the emergency purchase shall be filed with the Board of Selectmen and shall be open to public inspection.

VII. All competitive bidding decisions will be voted on by the Board of Selectmen in a meeting open to the public. (BY PETITION)

40. To see if the Town will vote to require the Board of Selectmen to contact the appropriate Town resident when their tax abatement request form or exemption request form is incomplete or incorrect, so that the Town resident may complete or correct the form in allotted time as not to lose the exemption or abatement for that year. (BY PETITION)

41. To see if the Town will vote to require that the Board of Selectmen and any other Town Board (e.g., Budget Committee, Planning Board, etc.) can only reverse a previous decision (made at a meeting open to the public) at a future meeting that is also open to the public.(BY PETITION)

42. To see if the Town will vote to require that all Town Board meetings (e.g., Selectmen, Budget Committee, Planning Board, Zoning Board of Adjustment, etc.) be televised on the Town cable channel. This requirement includes all regular and work session meetings that are open to the public.(BY PETITION)

43. To see if the Town will vote to require that all Selectmen's regular and work session meetings open to the public are video taped. The tapes will be stored at the Town Library for public use. The library will store Town tapes for a minimum period of two years. The tapes will be made available under the same library loan policy used for other video tapes. This will also apply to the Budget Committee, Planning Board and Zoning Board of Adjustment.

.(BY PETITION)

44. To see if the Town will vote to accept the following as a Town Ordinance as authorized by RSA 31:39a. "An elected Town official shall not be eligible to hold office if said official is delinquent by more than thirty days in paying property taxes on time. This ordinance shall exempt affected officers and employees who are in office or employed at the time the ordinance is adopted for a period not to exceed one year from the date of adoption."

.(BY PETITION)

45. To raise such sums of monies as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

46. To transact any other business that may legally come before the Meeting.

The polls will be open from 10:00a.m. to 7:00p.m.

The second session of the Business Meeting will be held at 10:00a.m. on Saturday, March 16, 1996 at the Fire Association Hall.

Given under our hands and seal, this nineteenth day of February, in the year of our Lord nineteen hundred and ninety-six.

AUDITORS - 1994 REPORT

The accounts of Tax Collector, Town Clerk, Library, Trustee of the Trust Funds and Selectmen have been audited.

The Selectmen's books were unable to be reconciled due to inadequate bookkeeping procedures.

A report was filed with the Town Selectmen and the Department of Revenue Administration.

COLBY MEMORIAL LIBRARY - 1995 REPORT

We have had a very busy year. Patronage increased by 33%, and circulation increased by 44%. We added 485 books, 30 books on tape, 15 videos, and 2 CDs to the collection.

Cindy Gunda became Assistant Librarian this year when Carolyn Birr resigned. Pat Collins joined our staff as substitute Librarian. Welcome, Pat.

In March we offered the 4-H Babysitters Course. This was an 8 hour course in which 13 young people were trained. Special thanks to Steve Woitkun and Tom Billbrough who volunteered their time to do the Fire and Police Emergency portion of the course, and the mothers who came in with their young children.

Saddle Up A Good Book was the slogan for this year's summer program. 89 children enrolled. 60 people attended our kick-off program which was a singing group called ALL HER VOICES who performed Western songs. Children attended weekly storytimes, played games, and did crafts. A picnic featuring Native American foods concluded our program.

In November the Friends of the Library sponsored an Audubon Society Program entitled Birds at Your Backyard Feeder.

Storytimes were held on Tuesday mornings at 11 A.M. for preschoolers. There were a few special after school storytimes for school age children.

COLBY MEMORIAL LIBRARY - 1995 REPORT(continued)

The Library Expansion Committee was formed in June to make recommendations to the Library Trustees regarding sites, general plans, and rough estimates for a new facility. After much research, in December the committee voted to keep the library at the present site, and to put an addition on it. The size of the building was based on a future population of 5500.

Thanks to the Friends of the Library for their continued support, thanks to Steve Thomas for the beautiful Christmas wreath, and thanks to all the people who donated magazines, books, videos and books on tape.

Library hours are: Monday, Tuesday and Thursday 1-8 and Saturday 10-1:30

As shown above the requests for help are increasing as our town continues to grow at a steady pace. 30 new homes were occupied during 1994 and there have been 60 new homes inspected for heating system and fire safety before being occupied during 1995. We are also now being requested to do more other type inspections, ie; health care, child care and kindergartens. This year there were 15 of these type inspections.

The forestry truck was completed and put into service in November as required by the state agreement, with the exception of the lettering and striping, which has now been completed. This truck as built would be worth more than \$125,000. to purchase on the open market. The Fire Association complete the make over by purchasing a radio system compatible to the needs of this special vehicle. We sincerely appreciate the hundreds of hours volunteered for this project, as the labor was done by them at no cost to the town.

Just a reminder that the "E-911" system is up and running. If you need to call for any reason, give the line a few extra seconds to ring thru before abandoning the call. If for any reason the call doesn't go thru, then you should call the old emergency numbers as listed on your phone sticker. You can pick up the new stickers at the safety

complex or the town hall whenever they are open.

The biggest problem facing our fire service is the availability of people to cover the daytime hours for both fire and medical calls. As you may be aware there is a warrant article this year to hire personnel to cover the daytime hours. We all know this is not an easy decision for the tax payer to make and it certainly has not been easy for the department to request it.

POLICE DEPARTMENT - 1995 REPORT

This past year has been one of numerous changes and challenges for the Police Department. First, I would like to personally thank the Board of Selectmen, the Fire Department, and the Townspeople for your encouragement and assistance during this year of transition. Certainly, our objectives for 1995 could not have been realized without your support. I am pleased with our results thus far, especially considering the budget restraints we were faced with. However, many challenges still lay ahead. We are committed to providing the town with the best possible service and we will need to stay focused on our goals for 1996 in order to accomplish this.

Danville's first Full Time Police Officer, Douglas Melanson, was hired June 1995, providing us with our much needed day time coverage. We are concentrating his efforts to motor vehicle activity, juvenile investigations, and involvement with the youth at the Elementary School. The effects of his presence were felt in many areas, especially in the reduction of reported burglaries that went down almost 50% from the previous year.

In 1995, all of our informational services were computerized. We now have instant resource availability of our budget, incident reports, court summons, arrest warrants, restraining orders, pistol permits, alarm information and local directories. This will result in a dramatic productivity improvement over previous years. Easy accessibility to information will enable us to concentrate most of our efforts on crime investigations.

POLICE DEPARTMENT - 1995 REPORT (continued)

We enhanced our Crime Watch program this past year by helping organize another enthusiastic group of people in Twin Bridges. Additionally, we are planning a more comprehensive presentation to take place this spring with the possibility of a showing on our cable channel. As I have stated in the past, a combined effort between the Police Department and residents to actively pursue safety issues and prevent crime will benefit us all. Your continued involvement in reporting any suspicious incidents or vehicles is still our best source of minimizing any criminal activity.

We are continuing our effort to seek State and Federal funding for programs to help offset the burden of the taxpayers of Danville. In January, we obtained a 1989 Chevrolet Diesel truck from the Department of Defense and paid only a \$20.00 processing fee. This vehicle will be used during inclement weather and allow us access to wooded areas for counter-drug support activities. To date, we have received (2) trucks, a copier, ammo boxes and camouflage clothing from the DRMO program (Defense Reutilization Marketing Office).

Again, as in years past, we co-sponsored the annual Bike A Thon and provided safety inspections and registrations. We also sponsored a Halloween Dance & Pizza party complete with live music and prizes. These activities proved to be a big success and we look forward to conducting similar and additional programs in the upcoming year in our continuing effort to instill civic pride with the youth of Danville.

Finally, in 1996, we will no doubt say farewell to some familiar faces and friends and welcome some new ones. We have come far as a department in a relatively short time and there were many individuals who contributed. For those of you who stayed with it for so long, and gave your time so unselfishly, Thank You!

ANIMAL CONTROL - 1995 REPORT

As in the past the Animal Control Department was very busy. There are still problems with dogs running loose. This department also had a lot of phone calls from people that have lost their cats and we believe there are a lot of wild animals (fisher cats, fox and coyotes) moving down from the North, preying on these cats. It is recommended your cats remain in the house at night.

This past winter has been very hard on deer, so don't be surprised if your tender bushes are much shorter this spring! The Animal Control Department is looking for a new leader, one who is dedicated, loves all animals and can get along with people. I want to thank everyone who has assisted me in any way over the past twelve years.

A rabies clinic is planned for spring. Watch for date and time.

PLANNING BOARD - 1995 REPORT

The year 1995 was an extremely busy one for the Planning Board. In addition to reviewing subdivision applications, the Board was called upon to act on or process some questions that are not in the usual course of its proceedings, such as:

Hearing arguments on the extension of a new roadway through a right-of-way in an established subdivision and whether this road extension would enhance the Town's desire for an orderly extension of roads.

A series of hearings were called by the Board to inform the Townspeople and to question the developer who did not appear to be in conformance with statements made to the Board during the

PLANNING BOARD - 1995 REPORT (continued)

approval cycle and whether the interpretations were severe enough to revoke the approval of the subdivision.

A series of public meetings were held with another developer over the density of a proposed cluster development and whether a cluster development was, in fact, the best use of the land.

Assisting the Zoning Board of Adjustment and the Selectmen in examining a graveling petition off Route 111A using Tuckertown Road as an access point also occupied the Board's attention.

It was brought to our attention that almost all subdivisions presented to the Board over the past few years have been cluster subdivision. When we asked ourselves why, we found that the existing ordinance was full of holes that tied our hands and gave the developers undo leeway in laying out their subdivisions. We could try a series of changes in an attempt to solve the problem or remove the ordinance from zoning, examine it in detail, get input from other towns in the area on how they have modified their cluster ordinance, use all available data to correct the problem and, at a later date, ask the Town to reinstate cluster zoning. This is the route the Board has chosen.

All this additional work has, I'm afraid to say, detracted from the amount of effort that was going to be used to update the Master Plan on schedule. Since the inputs were delayed, no contract was written for assistance in updating specific areas of the plan. The funds allocated to the project were returned to the Town and the Board has asked the Town for funds to complete the project in the coming year.

The Planning Board was very encouraged to see the number of interested citizens participating in our meetings and public hearings. Hopefully, with the advent of televised proceedings of the Board, more people will be able to attend our meetings, become interested in the planning process and request to become members of the Board.

BUILDING INSPECTOR - 1995 REPORT

1995 saw several large subdivisions begin construction. The number of available lots along with lower interest rates created a demand for housing in Danville that has never been seen before. The growth rate which has been holding at 3.5 percent in the past became 4.7 percent for completed and occupied dwellings. The number of permits for sheds, decks and alterations remained about the same, but the request for 73 permits for new homes far exceeded any demand in the past.

A total of 104 permits were issued with the breakdown as follows:

73	New Homes	\$ 5,552,575.00
21	Additions/Alterations	167,200.00
10	Decks/Sheds	<u>13,400.00</u>
	Total	\$ 5,733,175.00

SOLID WASTE COMMITTEE - 1995 REPORT

This year was a very busy year for the Solid Waste Committee due to the procurement of the Town's trash and recycling services. This resulted in a new contract being awarded to BFI with a savings of \$ 28,000 per year to the Town. Trash pickup is the same schedule as it was last year. Bulk disposal will be conducted twice a year curbside instead of behind the Town Hall. There will be a charge for items containing freon. Bulk disposal pickup days will be announced in advance, but one day will probably be in the spring and the other day will be in the fall. Recycling is still conducted every other week behind the Town Hall. Corrugated cardboard is no longer collected, but additional items have been added as noted below. Sorting has now been limited to paper versus everything else, which has made recycling easier.

SOLID WASTE COMMITTEE - 1995 REPORT (continued)

Recycling now includes the following items:

Container #1

Newspaper (Please bind with string or place in paper bags)
Telephone Books
Magazines
Catalogs
Junk Mail
Office Paper
Cereal Paper
Shoe Boxes
Beer and Soda Cartons
Envelopes
Hardback Books (remove covers)

Container #2

Glass - Clear, Brown, Green
Metal Cans - Aluminum, Steel, Tin
Plastic Containers (#1 and #2 Plastic)
(Please crush plastic soda bottles)
Milk Cartons
Juice Cartons and Boxes

TRASH PICKUP HOLIDAY SCHEDULE

In the following weeks collection will be one day late:

January 1	New Year's Day
May 29	Memorial Day
July 4	Independence Day
September 4	Labor Day

BUDGET COMMITTEE - 1995 REPORT

Danville's Budget Committee meets on Tuesdays from November through mid-February to develop the new Town budget. Other meetings are held during the year to review Town expenditures and discuss ways to improve the Town budgeting process. The Committee always welcomes public participation. This year the Committee worked with the Selectmen to revise the Town's expenditure report so it would be consistent with the New Hampshire Department of Revenue Administration requirements.

Town growth continues to add fiscal pressure to all of the town services (police, fire, highway, library, etc.). Examples of this are the 27% increase in the Police Department Budget, the 15% increase in the Highway Department Operating Budget, and the 28% increase in the Library Budget. In addition, the issue of a future library building expansion requires funding if it is approved by the Town.

As your representatives, the Committee has worked hard at keeping the Town portion of your taxes as low as possible. At the 1996 Town Meeting you will decide what the 1996 budget will actually be. Please attend and vote according to your views as to what needs to be funded.

CABLE TV COMMITTEE - 1995 REPORT

Danville started its own cable television channel this year thanks in large part to the Town Selectmen. Not only did they convince Harron Cablevision to supply the town with a cable channel, but convinced them to supply the town with a large amount of video equipment to help us get started. Since the Danville TV channel went on the air, virtually all of the town meetings have been televised, including Selectmen's meetings, Planning Board meetings, Conservation Commission meetings, Budget Committee meetings, Zoning Board of Appeals meetings, and many more. In addition, the cable channel's electronic message board has served as a conduit for getting information

CABLE TV COMMITTEE - 1995 REPORT (continued)

to the residents of Danville. Over 100 different notices concerning town events have been posted on the electronic message board. During 1996, the Cable Committee hopes to provide Danville with even more televised events.

The number of events that can be televised is limited only by the number of volunteers on the Cable TV Committee. If you're interested in volunteering, please contact either Gerry Maduzia at 642-7814 or Barry Hantman at 382-5927. Prior experience is not necessary. We'd be glad to show you how to operate the equipment. In most cases, it means a commitment of only one or two nights per month.

We hope you're watching us on Channel 20.

CONSERVATION COMMISSION - 1995 REPORT

In 1995, The Danville Conservation Commission began its efforts to plan and build a town trail system. The Town, through passage of a warrant article, allocated \$5000 to this project. In addition, a private citizen donated \$500. Subsequently, the Danville Conservation Commission was then able to apply for and obtain an additional \$3000 in grant money from the Rockingham Planning Commission to apply towards the project. The initial steps of planning and building a trail system are now underway with the initial creation of a town map that illustrates the nature and location of town owned lands, owner unknown lands, existing rights of way, the State Forest and a proposed trail system.
