

**TOWN OF DANVILLE NEW HAMPSHIRE
BUILDING COMMITTEE
NEW POLICE FACILITY PROJECT
MARCH 5, 2023**

1. COMMITTEE MEMBERS

SEE WEBSITE

2. PROBLEM STATEMENT

The Danville Police Department currently shares space with our fire department in the Kimball Safety Complex located on 208 Main St. Built in 1988, this complex was defined as temporary quarters for the police department. Thirty Five years later in a growing town, police operations are still conducted in the same four room area, 750SQ FT. Chief Wade Parsons outlined current conditions and issues in a letter posted on our town web page:

www.townofdanville.org/police-department/pages/new-police-facility-project

3. MISSION

Your committee shall present the Town of Danville New Hampshire with a comprehensive study, leading to consideration for a new police complex. The study shall include but not be limited to:

Retrofit of town owned buildings	Location, structure type, layout
Undeveloped town owned property	Cost analysis: Funding, tax implications
Other properties that may arise	Lessons learned from similar NH efforts
Minimum vs future requirements	Pros, cons, recommendations

4. VALUES

Your committee shall conduct a study without bias or personal agendas, entertain ideas from the public, and communicate publically with openness and honesty, in accordance to regulations outlined in RSA 91-A.

5. CONCLUSION

An effort of this nature may lead to resident tax implications in the future. However, your committee will perform due diligence to understand the needs of our police department to serve our town in a safe and efficient manner, while providing the most cost effective alternatives possible.
