The Heritage Commission is requesting an appointment on the Selectmen's agenda for July 25.

The topic is the proposed ATV rider permission form that was submitted to the Selectmen by some of the ATV riders on July 11.

At our July 13 meeting the Commission reviewed the permission form, map and list of land parcels and roads being proposed for ATV riding. We saw that Tuckertown Road and four of the land parcels that are proposed for ATV riding are in Danville's Historic District Zoning Ordinance (Articles III and XIII).

The Commission has drafted the following paragraph and recommends it be added to the proposed rider permission form:

*The rider agrees to abide by the regulations and requirements that are set forth in Article XIII (Historic District Regulations) of the Danville Zoning Ordinance, including Activities Requiring Review, with regard to Parcel Numbers 1-49-B, 1-52, 1-60, 1-61 and Tuckertown Road, all of which are designated as Historic District properties in Article III of said Zoning Ordinance.*

We feel this suggested addition is reasonable and appropriate, since the Heritage Commission is responsible for overseeing the Historic District and the Selectmen are responsible for enforcing Danville's Zoning Ordinance.

Please confirm this matter will be on the July 25 agenda. Thank you.
